Hobbies & interests

- ❖ Football
- ❖ Fitness & weightlifting
- ❖ Music
- ❖ Gaming
- ❖ Traveling
- ❖ Engineering design

Profile

I am ambitious, well-organized, punctual, and hard-working. I take responsibility, show initiative, and work well both in teams and independently; I'm ready for tasks requiring physical effort, accuracy, and punctuality.

I am a third-year BSc student in mechanical engineering at the University of Iceland. My studies have built a solid theoretical and practical foundation across core disciplines, strengthening my critical thinking and enabling me to tackle complex tasks professionally. After my BSc, I plan to pursue an MSc abroad in a field related to Mechanical engineering.

I have gained experience in warehouse and office work at Vörukaup (2024) and Vatn og Veitur (2025). I hold a category-B driver's licence and can manage driving and deliveries as needed. Outside of my academic commitments, I engage in various interests, including Football, weightlifting, and computer gaming.

Skills

- ❖ Time management
- ❖ Problem solving & critical thinking
- ❖ Teamwork & communication
- ❖ **Programming:** Python, MATLAB, RStudio, Microsoft Excel
- ❖ **CAD:** Autodesk Inventor, AutoCAD
- ❖ **Documentation:** LaTeX, Microsoft Word

Education

- ❖ **2014 – 2020 — Primary Education, Salaskóli**
 - Graduated from primary school (10th grade)
- ❖ **2020 - 2023 Upper Secondary, Menntaskólinn við Sund (MS)**
 - Matriculation examination in Natural Science track, Physics–Mathematics line.
 - Achieved highest overall GPA in the class, GPA 9.7 out of 10 (**Valedictorian**).

Certifications for an outstanding performance in following subjects:

- Mathematics, certificate from the Icelandic Mathematical Society
- Physics
- Icelandic
- English
- German

Education

❖ 2023 – (present) University of Iceland

- BSc in mechanical engineering.
Expected graduation in spring 2026.
- Current average grade: GPA 8,56 out of 10.
- Awarded a full scholarship from the **Excellence & Incentive Fund for Students**, 28th August 2023. https://hi.is/sjodir/afreks_og_hvatningarsjodur_studenta_haskola_islands

Sports career

❖ 2010 - 2015 Football, Valur FC

- Played youth football for Valur from the U7 to U12 age groups.

❖ 2015-2023 Football, Breiðablik FC

- Played for Breiðablik from U12 through the end of the 2023 season.

❖ 2023-(present) Football, Smári FC

- Joined Smári in 2023
- The team competes in Iceland's men's 5th division

Work experience

❖ 2017-2020 Kópavogur Municipal Youth Work Program (Vinnuskóli Kópavogsbæjar)

Summer employment for ages 14–17. Worked in teams weeding, collecting litter, and maintaining flowerbeds under a crew leader.

❖ 2021. Summer Coach, Breiðablik Football Club

Coached youth football and worked at summer camps; supervised children aged 6–12 and instructed activities across multiple sports (football, basketball, karate, athletics, etc.)

❖ 2022 - 2023. Municipality of Kópavogur. Summer role, (service Centre, horticulture/grounds)

Primarily responsible for painting signs, decks, benches and playground equipment, as well as flowerbed maintenance. Served as acting crew leader for two weeks.

❖ 2024. Vörukaup ehf. Summer role (Warehouse, office, and deliveries)

Handled inventory replenishment, sorting and order preparation (manual/forklift), order intake, phone reception and invoicing. Prepared and delivered orders across the capital area. Worked with heavy, high-value industrial goods (steel, copper, ammonia cylinders, hot-water tanks, heat pumps). The role trained precision and efficient work under pressure.

❖ 2025. Vatn og veitur. Summer role (Warehouse operations)

General warehouse duties with focus on order preparation and dispatch; received walk-in orders, managed preparation and inter-store transfers nationwide. Gained solid insight into the industrial environment and strengthened accuracy, prioritization and solution-oriented work under pressure.
